

\$RAMZ Whitepaper

The Fastest Meme on Solana ■■

Introduction

Meme coins have become more than jokes — they are culture, community, and speed. \$RAMZ channels the Whippet's lightning-fast energy to dominate Solana and outrun slower meme competitors like \$DOGE, \$PEPE, and \$BONK.

Vision

- To be the fastest-growing meme coin on Solana.
- To unite crypto culture with viral memetics.
- To create a community-owned movement where memes = adoption.

Tokenomics

- Total Supply: 1,234,202,313 \$RAMZ
- Distribution:
 - 50% Liquidity & fair launch
 - 25% Community incentives (airdrops, meme contests)
 - 15% Development & partnerships
 - 10% Treasury
- Transaction Tax: 0% (pure meme velocity)

Utility

- Meme-to-Earn: Rewards for viral memes.
- Greyhound Racing NFTs: Gamified staking + competitions.
- Merch: Branded drops for community flex.
- DAO Governance: Holders shape \$RAMZ future.
